

**"JESUS
CHRIST: TRUE MAN"**

Today we learn that Jesus is true man (Fully human even as He is also fully divine).

This seems obvious but. . .

1) Some people deny that there ever was a man named "Jesus Christ."

2) Some believe that Jesus just looked like a man but was not really human.

In your opinion, which picture looks the most like Jesus?

What are some Hollywood (or Broadway) portrayals of Jesus you like best? Why?

As true man we would expect Jesus to look and act human (including human emotions). Give examples of Jesus being. . .

- 1) tempted (it's not sinful to be tempted)
- 2) angry (remember that this is a feeling, not a sin)
- 3) tired
- 4) hungry
- 5) sad
- 6) afraid
- 7) lonely

What is the ultimate proof that Jesus was not only God but also a "mortal?"

Why is it important that Jesus Christ is not only true God but also true man?

What difference would it make if Jesus was only God and not also man?

References to the humanity of Jesus in the creed:

- Born of the Virgin Mary
- Died and was buried

What can we learn about Jesus in this passage?

Who rules and sustains the universe? A God or a man?

We'll revisit this next week to study Christ's divine nature.
